

Food Drives are Rewarding

There are many creative ways to make a food drive at your company an event that not only helps to feed the hungry in Chester County, but also creates a fun, morale boosting community spirit.

We offer a list of ideas to personalize the food drive at your site. From dress down days to employee competitions, you will find that a food drive can be positive for all involved.

- 1) Pick a date for your drive.
- 2) Select a theme for your drive.
- 3) Determine a location for the donated food.
- 4) Promote your event with posters, emails, etc.
- 5) Call us to pick up your donated food after the event.

Flyers and promotional ideas are available to help you successfully run a drive that collects food for the 70 local food cupboards & meal sites in Chester County where 1 in 8 people go without food each day simply because they can't afford the food.

Chester County Employers Can Help

Many corporations know the great reward that comes from hosting an annual food drive. Without their help, many of the local food cupboards would struggle to provide much needed food to the residents we serve.

Last year, we collected over 377,000 lbs of donated food from local employers. A list of these companies can be found on the "OUR THANKS" page of our website.

If you are ready to hold a food drive at your company please contact Larry Welsch at the Food Bank.
