We are excited to #GetGrowingChesterCounty. Please note our modified donation protocols due to COVID-19.

The following refers to donations delivered to the Chester County Food Bank (650 Pennsylvania Dr., Exton). If donating to a food cupboard, please contact them directly to confirm their procedures.

RAISED BED GARDENS
Donations Accepted: Tuesdays and Thursdays | 10 am-Noon

HOME GARDENS
Donations Accepted: Mondays and Wednesdays | 10 am-Noon

Please come to the warehouse entrance at the back of our building. You will see a garden weigh station that will be set up with a scale, donation slips and crates on a pallet.

1. Raised Bed Gardeners: Please weigh your donation and complete a donation slip. Home Gardeners: ALL home donations will be weighed collectively so weighing is for your records only.

2. Place your donated items into an empty crate on the pallet. Please do not stack your produce on top of another donation. *If there is inclement weather the station will be located just inside the warehouse door.

3. Once your items are in crate, ring the door bell (on stand at bottom of steps) and return to your vehicle.

4. A staff member will be assigned to responding to the bell and bringing the produce in immediately.
